

Whistleblowing Policy

Reign Capital Limited (hereafter referred to as “**Reign Capital**” or “**RC**”) aims to become a safe professional workplace with an entrepreneurial culture, having built on core values of principles, morals, and integrity.

Our values and standards require all our employees to conduct themselves within the highest professional and ethical standards. Reign Capital promotes and values care, honesty, accountability, equality, and integrity. We proactively encourage our teams, to lead by example and be at the best of their behavior and if they ever come across anyone breaching our values and codes, then they must report it vigorously.

We believe that it is incredibly crucial to report any suspected or actual instances of wrongdoing, misconduct, or unethical behavior that leads to the breach of laws, rules, regulatory frameworks, or Reign Capital’s Code of Conduct – especially within our Investment and Proprietary Departments.

To this end, we at Reign Capital strongly review all reports taken and seriously ensure that the qualifying reports are investigated independently and confidentially. Reports can be made anonymously to facilitate and encourage these procedures. All the information is kept confidential throughout the procedure.
